

Front PTO 2 speeds 1000/1000 Eco hydraulically actuated (TD) for John Deere, Deutz-Fahr und CNH

Front PTO hydraulically switchable TD

Technical specifications 1000/1000Eco

- Gear ratio $i = 1,91$
- Gear ratio $i = 1,61$
- Shaft speed 1000 rpm
- Max. continuous power 100 kW / 136 HP, torque 900 Nm, without oil cooler
- Max. continuous power 147 kW / 200 HP, torque 1400 Nm, with oil cooler
- Max. PTO power 206 kW / 280 HP, torque 2000 Nm
- two independent clutches
- electrohydraulically actuated
- Speed 1000 / 1000Eco electrohydraulically selectable
- Active, internal lubrication and cooling with large pump
- Compact size
